Question | answer Question 1 I am an MSDN Subscriber and have downloaded Project Professional 2013. I have generated 1 out of 5 available keys. I installed Project 2013 and when I try to create a project it says I don't have a key. Answer 1 There are 5 keys for each license. This is the key you used to install the project. Question 2 I was using the developer version of Visual Studio and I need to install Project Professional, so I downloaded and installed it.
